**Patient Loyalty
Program**

Starting at the basics

As a loyal patient, we are giving you a discounted rate that is similar to what the big insurance companies negotiate.

There is a set fee schedule for all of the services we offer and we are happy to give you a 20% discount off of those fees.

What is included?

\$485/adult or \$285/child include two routine appointments per year. This includes your two cleanings, exams and x-rays per year as well as fluoride. We will also waive the fees on other small services, like additional x-rays or a problem focused exam.

You will receive the 20% discount for all other services. And, for additional family members, we will give you a discounted annual fee.

Who can use this?

This plan is designed for **individuals or families** who do not currently have dental insurance.

Please feel free to contact our office with questions about how this plan suits your particular dental needs.

So how do I get started?

1. Call our office with any questions at (425) 427-1850.
2. Schedule your next appointment.
3. Pay your full annual fee.
4. Schedule your dental work, as needed, for the rest of the year.

What are a few examples of this working for me?

Call us! We'll be happy to discuss your previous treatment and/or any diagnosed care that you need and see what kind of savings this will create for you.

Share with a friend

Any friend of yours is a friend of ours.

We know you may have friends who would benefit from this offer, so it's perfectly fine to share. Please let friends know they'll have to give us your name in order to receive the Patient Loyalty Program payment option.

Is this an insurance policy?

No, it's not. We are giving you a discount on services in our office because we see you regularly and you are OUR patient.

In the event you need to be seen by a specialist or dental provider outside of our office, you will need to work directly with that office regarding payment arrangements.
